

If you or your child have any of the following

a high temperature
a new, continuous cough
a loss or change to your sense of smell or taste

**You must stay
at home (self-isolate)
& get a test**

How together we can remain COVID Safe

- Children to wash their hands and face on entry and exit.
- Regular hand washing at lunch, snack, garden, messy play, outside play, toileting and room transfer.
- Gates, doors, and hard surfaces regularly cleaned throughout the day.
- Toys and equipment regularly cleaned or removed throughout the day.
- End of day clean down after setting has closed.
- Weekend deep clean.
- No parents or visitors are permitted to enter the premises, children to be dropped off and collected at the front door.
- Parents to respect social distancing when dropping off and collecting.
- No toys, drinks bottles, coats, or unnecessary bags to be brought to the premises.
- No lunch boxes or snacks brought from home except for special diets.
- Staff are not permitted to travel to and from work in their uniform.
- Staff are required to handwash/Gel their hands at every opportunity.
- Staff to wear correct PPE when necessary.
- Staff to carry out social distancing between each other when possible.
- Any adult or child showing signs of Covid-19 will be sent home to be tested before returning.

Full risk assessment available on request
If you are self isolating your child **must** self isolate as well
